- 2. 28 Texas Administrative Code §134.203 sets out the reimbursement guidelines for professional medical
- 3. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - 45 Contract/Legislated Fee Arrangement Exceeded
 - P12 Workers' Compensation State Fee Schedule Adj

<u>Issues</u>

- 1. What is the rule that determines applicable reimbursement?
- 2. Is the requestor entitled to reimbursement?

Findings

- 1. The Division placed a copy of the Medical Fee Dispute Resolution request in the insurance carrier's Austin representative box, which was acknowledged, received on October 14, 2014. Per 28 Texas Administrative Code §133.307(d)(1), "The response will be deemed timely if received by the division via mail service, personal delivery, or facsimile within 14 calendar days after the date the respondent received the copy of the requestor's dispute. If the division does not receive the response information within 14 calendar days of the dispute notification, then the division may base its decision on the available information." The insurance carrier did not submit any response for consideration in this dispute. Accordingly, this decision is based on the information available at the time of review.
- 2. Per 28 Texas Administrative Code §134.203(c), "To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications. (1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is (date of service yearly conversion factor). The maximum allowable reimbursement will be determined as follows:
 - Procedure code 96150, service date August 16, 2014, represents a professional service with reimbursement determined per §134.203(c). The Medicare fee is the sum of the geographically adjusted work, practice expense and malpractice values multiplied by the conversion factor. The MAR is calculated by substituting the Division conversion factor. For this procedure, the relative value (RVU) for work of 0.5 multiplied by the geographic practice cost index (GPCI) for work of 1 is 0.5. The practice expense (PE) RVU of 0.09 multiplied by the PE GPCI of 0.916 is 0.08244. The malpractice RVU of 0.01 multiplied by the malpractice GPCI of 0.816 is 0.00816. The sum of 0.5906 is multiplied by the Division conversion factor of \$55.75 for a MAR of \$32.93.
- 3. The total allowable reimbursement for the services in dispute is \$32.93. This amount less the amount previously paid by the insurance carrier of \$27.99 leaves an amount due to the requestor of \$4.94. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$4.94.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$4.94 plus applicable accrued interest per 28 Texas Administrative Code §134.130 due within 30 days of receipt of this Order.
